

Stand up to Cancer

The **Watson Clinic Foundation Arts in Medicine Program** Partners on Events Supporting Women through their
Cancer Journey

Titled **Stand Up to Cancer**, these two upcoming events are designed to support women who are affected by breast, endometrial, cervical and uterine cancers. Both events will feature supportive services from local cancer survivor advocates, valuable information on the cancer journey, and the availability of materials that can ease some of the burdens of undergoing treatment.

For more information on these events, scan the **QR codes** or visit WatsonClinic.com/Events.
