

# FACTS ABOUT OUR NEW LOCATION

- Watson Clinic Urgent Care South is the ideal destination for the treatment of minor illnesses and injuries on a walk-in basis without the need for an appointment, particularly for residents in South Lakeland, Plant City, Bartow and surrounding communities.
- The facility features a staff of board-certified physicians. Their expertise is complimented by a team of highly experienced care team members.
- Urgent Care South treats a variety of conditions, including colds, flu, upper respiratory infections, minor lacerations and broken bones, dehydration, and much more.
- The facility also offers the convenience of after-hours and weekend availability and onsite access to x-ray, CT, ultrasound and laboratory capabilities.
- Walk-in visits are always welcome from patients and non-patients alike. Patients may also schedule a same-day appointment from the comfort of their own home by utilizing the online appointment feature in their MyChart at Watson Clinic patient portal account.
- Watson Clinic's Urgent Care options deliver expert care at a lower cost than traditional emergency room visits.
- Watson Clinic Urgent Care South adds an additional square footage of 2,718 to the South campus, which sets the total square footage for this location at 37,138 square feet.
- When additional care is needed, Urgent Care patients can receive swift referrals to Watson Clinic's team of more 300 physicians & providers, 1,700 support staff across 40 medical and surgical specialties. Ambulatory transport is also convenient from this location when emergency care is required.
- The Urgent Care South location was inspired by the overwhelming demand for Watson Clinic's other walk-in care facilities – Watson Clinic Urgent Care Main and XpressCare Highlands. These facilities have fulfilled a growing need in our community for immediate access to expert healthcare services.
- Watson Clinic maintains an ongoing commitment to innovative approaches in healthcare as technology and research identify the most successful means of achieving better patient outcomes.
